The tour of the island of Nosy-Be begins at 8:45, the tour consists of touring the entire island with the scent of west to east and north to south by car.

The goal is to make you discover Nosy-Be through the culture of its people "the Sakalava", its history and also its sacred places such as "the sacred tree and its 12 lakes".

You will also know the island through the visit of the ylang-ylang distilleries LEMURIA LAND which will show you the different stages of essential oil manufacture.

In the city center, visit the big market and Hellville where you will discover not only all the spices and varieties of fruit that are characteristic of local cuisine but also the remains and history left by the colonial era.

A pleasant lunch will be offered to you in a restaurant on the beach of Andilana, you have in front of your eyes a turquoise sea which welcomes you for your moments of relax of midday.

Direction then to Mount Passot, a highlight of Nosy Be, which offers a 360 ° panoramic view not only of Nosy Be but also to the small neighboring islands, while waiting for the sunset which marks the end of this superb ballad.
